

ENERGY ONE

High Performance Motorcycle Clutches

ENERGY ONE CLUTCHES ARE ENGINEERED AND MANUFACTURED BY ENERGY ONE. PEOPLE ALWAYS ASK, "WHAT MAKES YOUR PARTS BETTER?" YOU'LL NOTICE IN THESE PHOTOGRAPHS THE UPPER PLATES ARE MANUFACTURED WITH A CONTINUOUS RING OF FRICTION MATERIAL. THE OTHER PLATES ARE MADE WITH FRICTION PUCKS. THE PUCKS ARE GREAT ON A MANUFACTURER'S SIDE BECAUSE THERE IS ZERO WASTE, AND CAN UTILIZE EVERY PIECE OF MATERIAL. BUT DID YOU REALLY GET A PERFORMANCE CLUTCH? PROBABLY NOT.

REASONS TO BUY AN ENERGY ONE CLUTCH

- 1. CONTINUOUS RING OF FRICTION MATERIAL THAT COVERS THE ENTIRE RUBBING SURFACE;**
- 2. MAXIMUM GROOVE PATTERN FOR HEAT DISSIPATION AND OIL CIRCULATION;**
- 3. ALL PLATES ARE MADE FROM 6061 T6 OR HIGH TEMPERED STEEL FOR MAXIMUM DURABILITY;**
- 4. PRE-MEASURED STACK HEIGHT FOR EASY INSTALLATION;**
- 5. TOLL FREE TECHNICAL SUPPORT (877) 525-8824.**
- 6. WE TEST WHAT WE SELL.**
- 7. REMEMBER, IF YOU'RE NOT RUNNING AN ENERGY ONE CLUTCH, YOU'RE PROBABLY CHASING ONE!**
